607. [OPEN FORUM](#)

1 local resident addressed the Committee on application DM/22/2851 - 16 Slimbridge Road, Burgess Hill, West Sussex, RH15 8QE - to build a two-storey side extension, single storey front and rear extensions with a rear loft conversion. The residents raised the following concerns:

That this was the fifth application received for the property, that was in a conservation area with many Victorian terraces. He suggested that the size of the extension would block the end of what was a dead-end private road and upset many of the neighbours. He also stated it would limit access to properties on London Road that backed onto the area.

The resident also addressed the Committee on application DM/23/0276 -24 Oak Hall Park, Burgess Hill, West Sussex, RH15 0BX to construct a Gym and Office Outbuilding. The residents raised the following concerns on behalf of The Oak Hall Park Residents Association:

That the applicant had already had an application refused to build two homes in the same location, and that this was the sixth application for this property. The home owners had already been allowed a large extension to the property itself, that had met no objection, and that it was not clear what the new building would be used for in the long term. They regretted the loss of the large trees that had been in the garden of the property and were concerned about the loss of the last remaining tree, that was at least a few hundred years old, as the roots were likely to be damaged by the building's foundations.

608. [APOLOGIES FOR ABSENCE](#)

An apology for absence had been received from Councillor Tofojjul Hussain.

609. [SUBSTITUTES](#)

There were none

610. [DECLARATIONS OF INTEREST](#)

RECOMMENDATION: Recommend Refusal

The Committee fully supported the comments of the conservation officer Emily Wade. The Committee were concerned that the flat roof of the ground floor rear extension may cause loss of light to the adjoining house, they also raised concern about the architectural heritage of the building. The Committee regretted the absence of the photo referred to in the plans.

App. Type: Householder Application

RECOMMENDATION: Recommend Refusal

The Committee raised concerns that it was an overdevelopment due to the size of the building. They recommended there was a tree report produced as there was a tree of significant size close to the site, whose roots may be damaged by any building works. There was also concern that the boundary adjacent to the public right of way is not being respected.

They stated the application contravened:

H2 Back Garden Development -as the building could become habitable in the future with a toilet and shower included in the plans

DP41 Flood Risk and Drainage -as there was a lack of drainage and the area was low lying

D26 Character and Design -the building would out of character for the area

RECOMMENDATION: The Committee noted concern.

There was concern raised about the design of the roof and the complicated pitch of it, as well as concern that the white render would be prone to graffiti.

The Committee discussed the missed opportunities for installing photovoltaics on the roof and concern over the rainwater discharge arrangements. The Committee also requested confirmation that there was cooperation with football club over use of the car park, they additionally questioned whether the surface of the car park was permeable and what protection had been agreed for the existing trees or whether these would be suitably replaced should they be removed.

App. Type: Full Application

RECOMMENDATION: The committee noted concerns.

The Committee raised concern around the lack of on-sight open public space and that informal play areas would have an impact on the natural habitat. They were concerned about the drainage of the area, as well as access and possible noise from air source heat pumps.

It had been raised by the public and discussed by the Committee that the management of the construction of phase one had caused issues, such as that the builders had not kept to the operating times and the inconsiderate parking of contractors had impacted local residents.

Additionally, it was noted that the biodiversity report had been produced at a time there would be a lower level of wildlife to survey and should be been produced around June time. According to residents there were sightings of badgers, door mice and wider range of fauna than recorded in the report.

The resident of Woodbarton had concerns that the site invaded their boundary and suggested a suitable boundary fence be constructed.

The Committee stated the site contravened the 20 minutes neighbour policy, with a 30-minute walk to town centre, and over oversubscribed local NHS facilities and schools.
