Dear Sir / Madam,

PROPOSED BASE STATION INSTALLATION AT CORNERSTONE 30869000 JUNCTION OF CHARLES AVENUE & ALBERT DRIVE SW, VICTORIA BUSINESS PARK, BURGEES HILL, RH15 9TQ. NGR: E: 530007 N: 118562

Cornerstone is the UK's leading mobile infrastructure services company. We acquire, manage, and own over 20,000 sites and are committed to enabling best in class mobile connectivity for over half of all the country's mobile customers. We oversee works on behalf of telecommunications providers and wherever possible aim to:

- promote shared infrastructure
- maximise opportunities to consolidate the number of base stations
- significantly reduce the environmental impact of network development

Cornerstone are in the process of identifying a suitable site in the Burgess Hill area for a radio base station that will improve service provision for Cornerstone.

The purpose of this letter is to consult with you and seek your views on our proposal before any planning submission is made. We understand that you are not always able to provide site specific comments, however, Cornerstone is committed to consultation with communities on our mobile telecommunications proposals and as such would encourage you to respond.

As part of Cornerstone's continued network improvement program, there is a specific requirement for a radio base station at this location to provide improved technical provisions, greater capacity and coverage in the area.

Mobiles can only work with a network of base stations in place where people want to use their mobile phones or other wireless devices. Without base stations, the mobile phones, and other devices we rely on simply won't work.

In the first instance, all correspondence should be directed to the agent.

Cornerstone Planning Consultation Letter to Councillors - Standard V.3 – 15/04/2021

Theale, Berkshire, RG7 4SA

Please find below the details of the proposed: -

Our technical network requirement is as follows:

- Cornerstone 30869000 (Cornerstone) at Junction of Charles Avenue & Albert Drive SW.
- There is a specific requirement for a radio base station at this location to provide improved technical provisions, greater capacity and coverage in the area.

A number of options have been assessed in respect of the site search process and we consider the best solution is as follows:

- Junction of Charles Avenue & Albert Drive SW, Victoria Business Park, Burgees Hill, RH15 9TQ. NGR: E: 530007 N: 118562.
- A new site has been proposed as there are no telecoms installations within the search area suitable for upgrading. Proposed 20.00m High Streetpole on new T9 root foundation, 6No. Antennas, 2No. 300~~0~~ Dishes, 2No. Cabinets associated ancillary works. For Full details please refer to enclosed drawings.

The Local Planning Authority mast register and our records of other potential sites have already been reviewed, the policies in the Development Plan have been taken into account and the planning history of the site has been examined.

All Cornerstone installations are designed to be fully compliant with the public exposure guidelines established by the International Commission on Non-Ionizing Radiation Protection (ICNIRP). These guidelines have the support of UK Government, the European Union and they also have the formal backing of the World Health Organisation. A certificate of ICNIRP compliance will be included within the planning submission.

In order to give you time to send your comments or request further information, we commit to allow at least 14 days before an application is submitted to the Local Planning Authority. This 14-day period starts from the date at the top of this letter.

We would also be grateful if you could please advise of any local stakeholders or groups that might like to make comments.

We look forward to receiving any comments you may have on the proposal.

In the first instance, all correspondence should be directed to the agent.
